## PRESS RELEASE

**For Immediate Release**

### **Innovative Architects Expands Services to Include Two Microsoft Certified Trainers**

**June 30, 2009 – Duluth, GA** –Rich McCraw and Blake Wotiz of Innovative Architects, a Microsoft Gold Certified Partner based in Duluth, GA, recently became authorized Microsoft Certified Trainers in Microsoft SharePoint Server and BizTalk Server. Microsoft Certified Trainers (MCTs) are the premier technical and instructional experts on Microsoft technologies, and are the only individuals authorized to deliver training for Microsoft Certification.

"We look forward to being able to offer our clients an increased level of customer service through the ability to guide them over the entire IT lifecycle. Rich and Blake have real-world experience that provides an extra level of value. Many of our clients have Microsoft training vouchers that we can now accept with this new certification as well," said Dan Michaels, Sales Principal at Innovative Architects.

With two Microsoft Certified Trainers on staff, Innovative Architects will be able to teach the official Microsoft curriculum. Innovative Architects has teamed up with CED Solutions for use of their impressive training facility in Atlanta, GA for on-site training classes.

"We welcome Innovative Architects as our partner for BizTalk Server 2006 training and we look forward to exciting classes in the near future for our students," said Richard Rodgers, President & CEO at CED Solutions.

To ensure a superior learning experience for their customers, MCTs are the only individuals Microsoft authorizes to deliver training that is based on Official Microsoft Learning Products or Microsoft Dynamics Learning Products for the MCT program. MCTs must complete rigorous testing to confirm their expertise and understanding of their subject matter.

Innovative Architects is a Microsoft Gold Certified Partner, based in Duluth, GA, specializing in solving business problems around business intelligence, data management, e-commerce, portals & collaboration, custom application engineering and business process and integration with Microsoft's enterprise software solutions including BizTalk Server, SharePoint, SQL Server, CRM, Commerce Server, and VisualStudio.NET. Innovative Architects can offer a single point of delivery and support through the entire IT lifecycle, from envisioning through day-to-day operations. Our consultants and engineers have the necessary technical, architectural, and project management skills to help mitigate risk associated with business and technical constraints and organizational diversity. Innovative Architects has two Virtual Technology Specialists on staff as well as two Microsoft Certified Trainers. Innovative Architects clients span across many industries of all sizes including AT&T, Coca-Cola, Bank of America, Siemens, BlueCross BlueShield, Hollywood Entertainment, Scana Energy, UPS, Lance, Author Solutions, Bodum, ESAB, Blackbaud, Brown Bag Marketing, Krispy Kreme, and Extended Stay Hotels.
